

THIS IS SLCC

THIS IS SLCC

SALT LAKE COMMUNITY COLLEGE is the largest two-year college in Utah.

Founded in 1948, SLCC is celebrating **75 YEARS** of providing Utahns with education and training in fields that contribute to the state's vibrant economy and high quality of life.

SLCC is the **LEADING PROVIDER** of applied technology courses and workforce programs in the Salt Lake Valley.

About **3,400 STUDENTS** graduate from SLCC each year. The majority go on to pursue four-year degrees and vibrant careers.

College

Choose from 8 Areas of Study

SLCC offers 140 programs in high-demand fields within 8 areas of study, including:

- Business
- Computer Science and IT
- Health Sciences
- Arts, Communication and Digital Media
- Construction, Manufacturing and Applied Technologies
- Science, Engineering and Math
- Social and Behavioral Sciences, Education and Human Services
- Humanities

AVERAGE CLASS SIZE: **18**

Students have easier access to instructors, better grades and a better overall experience.

OVER 38,000 STUDENTS take classes for college credit each year.

While most students enroll to earn credit hours, more than 11,000 turn to SLCC annually for noncredit training and education. Overall, SLCC serves about 50,000 students a year.

A leader in WORKFORCE EDUCATION and training

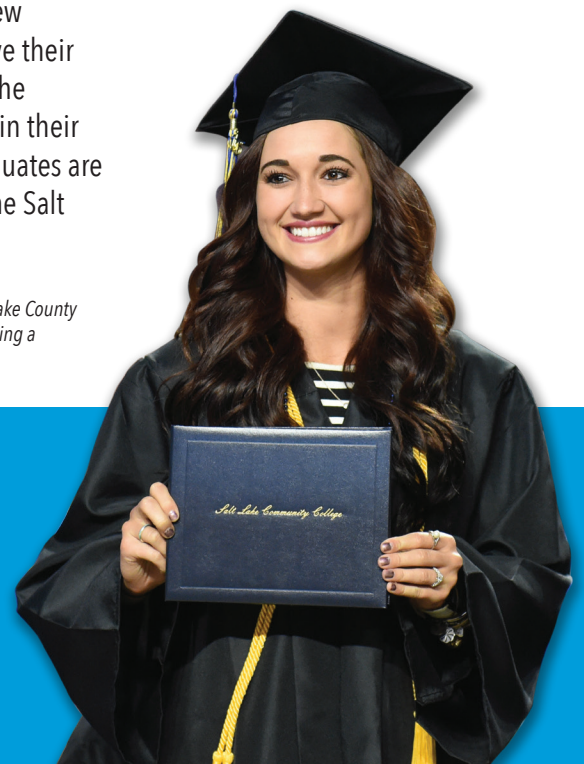

Thousands of students each year choose SLCC to acquire new skills. This includes unemployed workers striving to improve their employability, transitioning workers who want to re-enter the workforce, and workers seeking to enhance their expertise in their respective fields. SLCC Career and Technical Education graduates are highly sought-after candidates for hiring and earn above the Salt Lake County median wage after completing a credential.

SLCC has the most DIVERSE student body in Utah.

SLCC is the most diverse public institution of higher education in the state. SLCC's student population reflects the community we serve with a students of color participation ratio of 1:1.

SOURCE: Outcomes Report 2023

Note: The participation ratio gives the proportion of students of color attending SLCC divided by the proportion of residents of color in Salt Lake County.

78% of SLCC students work while in school.

The college accommodates the needs of time-constrained students who balance work, family and school, offering online, early morning, evening and Saturday classes. SLCC also promotes student employment on its campuses and has more than doubled its work-study opportunities over the past year.

SLCC PROMISE

We help pay for college. It's that simple.

SLCC's PROMISE to be accessible for all

SLCC provides tuition assistance when possible through federal grants, student loans and outside scholarships. In 2021-2022, an estimated 23,127 students received \$60,310,879 in some form of financial aid.

Open SLCC HELPING MAKE COLLEGE AFFORDABLE

OPEN SLCC is an ongoing effort to direct students to free online resources as an alternative to costly textbooks, so far saving SLCC students \$21 million in seven years.

Competency-Based Education (CBE) SAVING STUDENTS TIME AND MONEY

CBE increases recognition of workplace experience, knowledge and skills in place of costly classroom time, saving students time and money.

10 DIFFERENT CAMPUSES

SLCC has 10 locations to make it easy for students to attend college no matter where they live in Salt Lake County.

SLCC'S CENTER FOR ARTS AND MEDIA on its South City Campus offers state-of-the-art technology and top instructors in areas such as film, television, music, journalism, photography, animation, radio and more.

THE JORDAN CAMPUS offers high school and college students multiple opportunities to explore the sciences in areas that include nursing, biotechnology and dentistry.

THE MILLER CAMPUS features training in law enforcement, auto repair, culinary arts and business, with a business incubator and incredible resources for local entrepreneurs through the Goldman Sachs 10,000 Small Businesses Program.

SLCC'S WESTPOINTE WORKFORCE TRAINING AND EDUCATION CENTER is where students prepare for careers in essential fields including welding, machining, diesel technology, composites manufacturing and commercial truck driving.

Set to open in Fall 2023, the **HERRIMAN CAMPUS** is a shared location with the University of Utah where students can earn an AS/AA degree in specific fields and move on to earn a bachelor's degree from the U.
